Dry the Rain

The Beta Band

This is the definition of my life
Lying in bed in the sunlight
Choking on the vitamin tablet
The doctor gave in the hope of saving me
In the hope of saving me

Walked in the corner of the room
A junk yard fool with eyes of gloom
I asked him time again
Take me in and dry the rain
Take me in and dry the rain
Take me in and dry the rain
Take me in and dry the rain the rain
The rain the rain the rain now

Dusty brown boots in the corner
By the ironing board
Spray on dust is the greatest thing
Sure is the greatest thing
Since the last since the last

Walked in the corner of the room
A junk yard fool with eyes of gloom
I asked him time again
Take me in and dry the rain
Take me in and dry the rain
Take me in and dry the rain
Take me in and dry the rain the rain
The rain the rain the rain now

I asked him time again
Take me in and dry the rain
Take me in and dry the rain
Take me in and dry the rain
Take me in and dry the rain
The rain the rain the rain now

If there's something inside that you want to say
Say it out loud it'll be okay
I will be your light

I will be your light
I will be your light
I will be your light

If there's something inside that you want to say
Say it out loud it'll be okay
I will be your light
I will be your light
I will be your light
I will be your light

I Need Love, yeah
I Need Love

If there's something inside that you want to say
Say it out loud it'll be okay
I will be your light
I will be your light
I will be your light
I will be your light

If there's something inside that you want to say
Say it out loud it'll be okay
I will be your light
I will be your light
I will be your light
I will be your light

I need love
I need love
