

Shell Shock

Manowar

I don't know Well, there's no charge for the haircut
And the bullets come free
My uncle Sam send a letter said
He's got a mission for me Now I'm a ranger not a stranger
And I live in Saigon
We've got a team of special forces
And we deliver napalm But if they tell you that I've lost my mind
Baby, it's not gone just a little hard to find
About the time this letter gets home
I'd be gone, gone, yeah gone And if they tell you that I'm F.I.A.
Think a little less about me each day
'Cause if I ever get back
I'll be shell shocked, whoa
Shell shocked, yeah Feels funny ridin' in my car
Used to drive a tank and shoot a B.A.R.
I know I'm home
But I feel gone, gone, yeah gone Now it's over and the homeland's safe
Got a purple heart to show the world I'm brave
The businessmen sat home
Well, I got shell shocked, whoa
Shell shocked, whoa, alright Shell shock
Shell shock
Shell shock
