

# Bail

## All

Let's bail  
I don't wanna be here  
Let's bail  
I wanna leave here  
Let's bail, let's bail, let's bailLet's bail  
Agitate the gravel  
Let's bail  
Saddle up and travel  
Let's bail, let's bail, let's bailThis is the most boring place I know  
Like a mashed potato sandwich with mayo on white  
Chances are that fun is somewhere else  
So let's go there and leave this mess aloneLet's bail
