

# Caught in Your Love

Vyn

[Verse 1]

I saw you here last night  
Crystal clear as i  
Always imagined you were magic in that red disguise  
I came back hoping to find you  
Or hoping that you would find me  
Cause there's something  
Something about you  
I can't quite put my finger on it  
I'm not gon' linger on it, no  
I can't be without you  
You don't know me, but you're about to

[Pre-Chorus]

I can't rewind girl  
So i'mma take my time girl

[Chorus]

If you want me  
You got me right where you want me  
I'm stupified  
I must be caught in your love

[Verse 2]

I know this sounds crazy  
But what if you were ment to save me  
And if what if were meant to save you too  
I'm living on maybes  
But you-ou-ou got me breaking into a sweat  
And we ain't even do it yet  
I'm on my neese begging you to let me  
Into your world

[Pre-Chorus]

Me into your world world world  
So i'mma blow your mind girl

[Chorus]

If you want me

You got me right where you want me  
I'm stupified  
I must be caught in your love

[Bridge]  
I got nothing to say  
Mhmm  
I'm all out of lines  
And i'm caught in your love

[Chorus]  
If you want me  
You got me right where you want me  
I'm stupified  
I must be caught in your love
