

# Conspiracy Theory

## Obraskai

Conspiracy theory  
Better keep it down  
'Cause the walls are thin  
And the word is out now  
    Lock your lip  
    Don't you make sound  
    'Cause the walls are thin  
    And the word is out now  
    Better that you didn't know  
    Better that they didn't show, that's right  
    Probably need to live in fear  
    Knowing that the threats are real this time  
    Conspiracy theory  
    Gonna make you shake  
    Don't hit the brake  
    No time to waste now  
    Like it or leave it  
    Better hit the road  
    'Cause the one we know  
    Is gonna fade away now  
    Better that you didn't know  
    Better that they didn't show, that's right  
    Probably need to live in fear  
    Knowing that the threats are real this time  
    Conspiracy theory  
    Conspiracy theory  
    Conspiracy theory  
    Better keep it down  
    'Cause the walls are thin  
    And the word is out now  
    Lock your lips  
    Don't you make a sound  
    'Cause the walls are thin  
    And the word is out now  
    Better that you didn't know  
    Better that they didn't show  
    Probably need to live in fear  
    Knowing that the threats are real this time
