

# Good To Be Me

## Uncle Kracker

Nobody blowin' up my phone  
I ain't buzzin' and I ain't stoned  
But I'm ridin', flyin' higher than the blue sky  
If you don't like me, brother, that's okay  
I ain't gonna let it wreck my day  
I keep stylin', smilin', handin' out the sunshine  
I got no good reason why  
Damn, it feels good to be me  
Seats laid back in my Cutlass Supreme  
I'll be alright, rollin' these streets  
All summer long  
Damn, I got it all figured out  
I got no worries that I'm worried about  
It's like I caught some crazy-happy disease  
Damn, it feels good to be me  
Bought some cheap shades at the Amoco Station  
They make me feel like I'm on vacation  
On my own island, Motor City paradise  
Ain't it funny how time flies?  
Damn, it feels good to be me  
T-Top's down in my Cutlass Supreme  
I'll be alright, rollin' these streets  
  
All summer long  
Damn, I got it all figured out  
I got no worries that I'm worried about  
It's like I caught some crazy-happy disease  
Damn, it feels good to be me  
Got no particular place to go  
My Alpine's pumpin' some Motown soul  
Rockin' to "Papa Was A Rollin' Stone"  
Damn, it feels good to be me  
Fresh pair of kicks and my old blue jeans  
I'll be alright, rollin' these streets  
All summer long  
Damn, I got it all figured out  
I got no worries that I'm worried about  
It's like I caught some Coltrane Love Supreme  
Damn, it feels good to be me

(Coltrane Love Supreme)

It feels so good

(Coltrane Love Supreme)

It feels so good

(Coltrane Love Supreme)

Damn, it feels good
