

All We Can Be

Bizzy Bone

[Intro: Bizzy]

It's the remix, we here to rock this shit

It's the remix, we here to rock this shit

Bizzy Bone, Bryon McCane

Shouts out to the family members

Playalitical on the track, first and foremost

Yeah, one time for your mind

Colorado style, mountain time[Chorus: Bizzy Bone (Heaven)]

It's only me, let us be all we can be (let us be all we can beeeee)

Baby it's only me; nothin but mud, spirit, indeed me

Let us be all we can be (let us be all we can beeeee)

Baby it's only me, it's only me, it's only me, it's only me[Bizzy Bone]

While I'm runnin in a circle, the demons say I am murkable

No weapons are formed in the storm; it's gettin warm

I'm purple hearted, watchin the world

While dippin up out of the science with alliance, one all, there are many worlds

Heavenly Father, while we dippin in this wilderness

Watchin where we castin our pearls, that's to the wickedness

Old school bible vocab, spit up the bible

Slice in math, spit it in a paragraph style

But me don't want no bad man, give me some medification

Baby that ain't a word, you know my edumacation

Split up the verb dawg, I don't think that that's a verb

Feelin like the troubles have become so absurd

Forever, pay for the sins that we know that we've committed

Been admittedly, born in the sins, is we sinners?

Let me take you out to dinner, so you can study my life

Will you love me or condemn me? That's the price (that's the price)[Chorus 2X][Bizzy Bone]

Lord when I need you, I'm feelin like I'm lonely sometimes

And yes this money don't make a difference, the soul is Christ

I put God first, I give it up to the father

Daddy do what you will, I love you forever cause you the father

Never selfish, make myself selfish for you

Do what we gotta do, I'm only here for you, it's true

Gotta do the righteous thing, God will protect us through the right in things

Rightin wings, tighten things, lighten things, excitin things

And what more should I say, now let me tell you in the chorus

'fore they break me in phosphorus (I said hey)

What more should I say, well let me tell you the chorus

before they break me in phosphorus[Chorus 2X][Bizzy Bone]
I got an envelope of paper in my pocket, we grindin
Turnin 50's into 100's, baby that's perfect timin
While shinin in the black Ac', windows tinted
Four women in the car with me, is this pimpin?
Baby evil always lurk in the dark, ooh park
We bustin down the (Chambers) in the Wu-Tang art
Now chitty bang-bang, take a trip down memo' lane
Picture me runnin, picture me comin, we all 100
Feel the fuckin drummer drummin, we live and direct
And come connect, with the posses of soldiers and resurrect
Selective of my word use, know of truce
Obstruction of the justice that we did in our youth
See it's a new day, new way, see me in the afterlife
Holla at me, love me don't condemn me, that's the price
It's a new day, new way, see me in the afterlife
Holla at me, love me or condemn me, that's the price[Chorus 2X][Outro: Bizzy]
In the name of the Father, the Son and the Holy Spirit amen
In the name of our lord and savior Jesus Christ, amen
One time, forever and ever and ever, and ever[Heaven harmonizing fades out]
