## **How They Want Me to Be**

## **Best Coast**

All of my friends stick up their noses
They ask me where my money is

And where does it go once I've spent itBut I don't want to be how they want me to be

I don't want to be how they want me to be

I don't want to be how they want me to be

I don't want to be how they want me to beAnd even my own mother asks me a lot of questions

I tell her I don't want to talk

But she doesn't stop, she's just wonderingBut I don't want to be how they want me to be

I don't want to be how they want me to be

I don't want to be how they want me to be

I don't want to be how they want me to be I want you, you, you, you

I want you, you, you, you'Cause when I wake up in the morning or the middle of the night

I wonder who's there and what they've said

Yeah, when I wake up in the morning or the middle of the night

I wonder who's there and what they've said

But when I wake up in the morning or the middle of the night

I look at you and I know it's alright

I wake up in the morning or the middle of the night

I look at you and I know it's alright'Cause you don't want me to be

How they want me to be

You don't want me to be

How they want me to be And I don't want to be how they want me to be

I don't want to be how they want me to be

You don't want me to be how they want me to be

I don't want me to be how they want me to be
