Real Thing

Wedding Present

This is the real thing, there's no doubt
This is what love should be about
This is a feeling I never want to be withoutThis is the real thing, there's no doubt
This is what love should be about
This is a feeling I never want to be withoutYou're smart whereas I'm just dumb
You smile and then I succumb
I love watching you when you come
But how can there be so much bliss
In one spur of the moment kiss?
I guess when it's as good as thisThis is the real thing, there's no doubt
This is what love should be about
This is a feeling I never want to be withoutThis is the real thing, there's no doubt
This is what love should be about
This is a feeling I never want to be withoutAnd the moment that I began
To fly higher than Superman
Was when you whispered: "Yes, you can"You knew just when to undress
You understand, whereas I just guess
But this is something we both possess
This is the real thing, there's no doubt
This is what love should be about
This is a feeling I never want to be withoutThis is the real thing, there's no doubt
This is what love should be about
This is a feeling I never want to be without
