

# That's The Way To Do It

## Madness

Now I've been here and I've been there  
And I've been almost everywhere  
There's not a thing I can't repair  
Cos I'm stan, yes I am,  
The odd job man  
I'm a tradesman, I know all the tricks  
There's not a thing that I cannot fix  
Beginners use my concrete mix  
I'm stan yes I am, the odd job man  
Well, thats the way to do it  
Just be as quick as a flash  
Don't hang about  
Just in and out  
And always ask for cash  
Any job that you want done,

Phone me up cos I'm the one  
Electrical, plumbing, woodwork too  
I'll do the job that's right for you  
Well, that's the way to do it  
Just be as quick as a flash  
Don't hang about  
Just in and out  
And always ask for cash  
I've never done the same job twice,  
Listen to me take my advice  
I'll double the work for half the price  
The finished job will look, look nice  
I've been around and had some fun  
There's not a job that I've not done  
No unemployment where I'm from  
Jack of all trades, master of none
