Drax Project

I could bet all of the riches that I ever had
Rushing the night like a shockwave wouldn't be bad
If I had to second heart, cause of the thrills that run up my back
You are my star nothing else can lead me off track
Hey, yeah
You're like a wildfire, you've got me rising high
Your innocence, who's brave?
Drowning in, would you save me?
It's a crime if you don't
You'll despair by the throat
I could bet all of the riches that I ever had
Rushing the night like a shockwave wouldn't be bad
Hey, yeah, you're like a wildfire
You've got me rising high
Your innocence, who's brave?
Drowning in, would you save me?
It's a crime if you don't
You'll despair by the throat
Your innocence, who's brave?
Drowning in, would you save me?
It's a crime if you don't
You'll despair by the throat
Hey, yeah, you're like a wildfire
You've got me rising high
You're innocence, who's the brave?
Drowning in, would you save me?
It's a crime, if you don't
You'll despair by the throat
You're innocence, who's the brave?
Drowning in, would you save me?
It's a crime, if you don't
You'll despair by the throat
