Snow Angels

Mike Gao

I remember back in the day
And all the memories I made with you
And the smile on your face
And everything that we've been through
And I was always scared and amazed
That someone loved me the way that you do
No matter how things changed my heart ache comes in two(Chorus)
And I wonder if you'll ever feel the same
And I wonder if youd be coming around again
'Cause you made me run
When I couldn't walk
And you helped me sing
When I couldn't talk
You gave me so much more when you
You had nothing left
When I was dying, you became my breathHow can you trust me so much
When I failed you as a friend?
They thought your life was so great
But tell em who bruised your face in the end?(Chorus)
And I wonder if you'll ever feel the same
And I wonder if youll be coming around again
Cause you made me run
When I couldn't walk
And you helped me sing
When I couldn't talk
You gave me so much more with you
You had nothing left
When I was dying, you became my breathWant to say farewell
But youve always been so deep in me
And this love I feel no words could ever say
Want to say farewell
But I'll always find you underneath
And I could never, I could never let you go that way(Chorus)
And I wonder if you'll ever feel the same
And I wonder if youll be coming around again
Cause you made me run
When I couldn't walk
And you helped me sing
When I couldn't talk

You gave me so much more with you
You had nothing left
When I was dying you became my breathRemember back in the day
And all the memories we made
And the life that changed
And the look on your face
When you went away but I still love you today, sometimes so much I won't say it
