

# Good Help (Is So Hard To Find)

## Death Cab for Cutie

You'll never have to hear the word "no"  
If you keep all your friends on the payroll  
The non-disclosure pages signed  
Your secret's safe between those lines  
The scaffolding will cheer and console you  
But remember what your mother told you  
That good help is so hard to find  
For people that are so refined You're trying to turn into the skid  
In this never-ending grid There's a long, slow fade  
To a darkened stage  
And I hear you say  
"Only a fool gives it away"  
Only a fool would give  
Only a fool gives it away You said you wanna stake out your claim  
High above the city from where you came  
Don't you know the air's so thin?  
It starves the brain of oxygen  
I know it's such a dangerous place  
For there are more ascensions than there is space  
Angels causing accidents  
The camera phones'll document  
But if I start to levitate  
Pull me down with all your weight There's a long, slow fade  
To a darkened stage  
And I hear you say  
"Only a fool gives it away"  
Only a fool would give  
Only a fool gives it away You're trying to turn into the skid  
In this never-ending grid  
But you should know it's not ideal  
All those hands upon the wheel There's a long, slow fade  
To a darkened stage  
And I hear you say  
"Only a fool gives it away"  
There's a long, slow fade  
To a darkened stage  
And I hear you say  
"Only a fool gives it away"  
Only a fool would give

Only a fool would give  
Only a fool would give  
Only a fool gives this away
