You Are Great

YFriday

Glorious, incredible
Above our thoughts, immeasurable
Beyond the far horizons
Of our dreams
Radiant in majesty
The greatest of all mysteries
We've only touched
The shallows of Your deep
I give my heart
For a moment with my God

You are great, You are great
All sufficient, powerful
Father, Son and Spirit
You are great, so great!
God who needs no other yet
You long to share eternity with us

You are great, You are great
All sufficient, powerful
Father, Son and Spirit
You are great, so great!
God who needs no other yet
You gave Your Son to save us

You are great, You are great
All sufficient, powerful
Father, Son and Spirit
You are great, so great!
God who needs no other yet
You long to share eternity with us
