

Disappear

Matt Nathanson

3 AM
I scream your name
Oh oh
I don't sleep
I don't change
There's no magic left
No card up my sleeve
Forever's gone
And I watched it leave Maybe I'll get drunk enough to call you
Admit the thing I'm finally seeing clear
I can make good turn amazing
And disappear oh
Disappear oh Life on stage
A crowd convinced
But what I saw in half can't be fixed
For my greatest trick
The one everyone cheers
You're deep in love
And I'm not even here Maybe I'll get drunk enough to call you
Admit the thing I'm finally seeing clear
I can make good turn amazing
And disappear oh
Disappear oh
Oh oh oh oh I just wanna for once feel love
I just wanna for once feel love
I just wanna be done with lonely Maybe I'll get drunk enough to call you
Admit the thing I'm finally seeing clear
I can make good turn amazing
And disappear oh
Disappear oh
