

Youâ€™re on Fire

They Might Be Giants

Hi, I forgot your name
Whatever
My point is
Hi, your head's on fire Oh damn, you must've got one of them
Combustible heads
I read an article all about them You're on fire
You're on fire
I won't lie
You're on fire Combustible head (I won't lie)
Combustible head (I won't lie)
Combustible head (I won't lie)
Combustible head Hey, how's it going
Is that your car they're towing?
I'm pretty sure that's your car
No, you can't park there
Whoa, your head's on fire Oh damn, you must've got one of them
Combustible heads
I read an article all about them You're on fire
You're on fire
I won't lie
You're on fire Combustible head (I won't lie)
Combustible head (I won't lie)
Combustible head (I won't lie)
Combustible head The lights are low
The music is extremely loud
You're hard to get to know
But you're easy to spot in a crowd As I'm sure you're aware
You've got one of those rare
Combustible heads
I read an article all about them You're on fire
You're on fire
I won't lie
You're on fire Oh damn, you must've got one of them (Oh damn)
Combustible heads (You must've got one of them)
I read an article all about them (Combustible head) You're on fire (Combustible head)
You're on fire (Combustible head)
I won't lie (Combustible head)
You're on fire (Combustible head) I won't lie
I won't lie

I won't lie

I won't lie
