

Milk And Sugar

G. Love

This song about coffee
Y'all like Coffee?
I like it too
Hm, mm They say the best part of waking up
Is Folgers in your cup
I don't know about that
But I know what I like Milk and sugar in my cup
When I come home
Won't you fill me up My back is breaking
Babe, I'm all out of luck
To make that coffee strong and sweet
And fill my cup So gimme that
Milk and sugar baby, yeah
Milk and sugar baby, ooh When I'm ridin' and the road is getting rough
Oh she like an angel coming down from above
Give it to me now Milk and sugar always on my mind
While that coffee's percolatin'
Let's just talk away some time That road is long
And the times been hard enough
It won't take much for you to stock me up So gimme that
Milk and sugar baby
Milk and sugar baby, yeah When I'm riding and you know I've had enough
Make that coffee strong and sweet
And fill my cup
Come on now Some like cream and honey
And some like it dark as night
But I like it how I like it
And she always do it right When I'm headed in all direction that's wrong
She never let me forget where I belong So gimme that
Milk and sugar baby
Milk and sugar baby, ooh
When I'm riding and that road is getting rough
She like an angel coming down from above Make that coffee strong and sweet
And fill my cup
Make that coffee strong and sweet
And fill my cup
Make that coffee strong and sweet
And fill my cup
Make that coffee strong and sweet

And fill my cup
