Ryki
Take all you dont need
Taste as my heartbeat
You will not know
When the grass grows
You will not go alone
Lights run fast, fall
With some posters on
My wall
Lights fast run, fall
Do you know?
Do you know?
I, I wake up
When you die
Did ya even try?
Did you even try?
baby
Please try
Please try a little more
Please try
Did you even try?
Baby please try
Please try a little more
Please try, please try
A little more
Please try a little more x2

Lost inside your
Stop saying you love me too
You will not know
Oneday well grow
You and I wont be long
Lights run, fast, fall
Im still waiting for your call
Lights run, fast, fall
Im still waiting for your
I, I wake up when you die
Did ya even try?

Did you even try?
Baby please try
Please try a little more
Please try
Did ya even try?
Baby please try
Please try a little more
Please try, please try
A little more
Please try a little more x2
Aewon Wolf
I mean trust i really wanna (wanna)
I mean trust i really gonna (gonna)
Try harder than is
We only supposed to be kids
And not living like this
I gave you my heart last christmas
I wanted yours on my wish list
They want us down on the hit list
I wint let you down god as my wittness

Please try
Please try a little more
Please try
Did you even try ?
Baby please try
Please try a little more
Please try
Please try a little more
Please try a little more Ã—2

Please try
Did you even try?
