

# Big Brother

David Bowie

Don't talk of dust and roses  
Or should we powder our noses?  
Don't live for last year's capers  
Give me steel, give me steel, give me pulses unreal  
He'll build a glass asylum  
With just a hint of mayhem  
He'll build a better whirlpool  
We'll be living from sin, then we can really begin  
Please Savior, Savior, show us  
Hear me, I'm graphically yours  
Someone to claim us, someone to follow  
Someone to shame us, some brave Apollo  
Someone to fool us, someone like You  
We want You big brother, big brother  
I know You think, You're awful square  
But You made everyone and You've been everywhere  
Lord, I think You'd overdose  
If You knew what's goin' down  
Someone to claim us, someone to follow  
Someone to shame us, some brave Apollo  
Someone to fool us, someone like You  
Someone to claim us, someone to follow  
Someone to shame us, some brave Apollo  
Someone to fool, someone like You  
Someone to claim us, someone to follow  
Someone to shame us, some brave Apollo  
Someone to fool, someone like You  
We want You big brother
