The Greatest

Alabama Shakes

Check this out
And a five, six, seven, eight
Well I never meant to be the greatest
I only ever wanted to be your baby
Not a stuck piece in your heart
Don't ever let me go
Go anywhereShould I stay, stay away
I know you been out there tryin' to be my baby
But God help us, help us all
Don't ever let me down
Go ahead and do with itOh damn, uh huh
Alright, uh huh, uh huhI stayed, stayed away
I know you ain't out there tryin' to be my baby
Dried up, ugly in your soul
Don't ever let me go
I can be your one and onlyBut I never meant to be the greatest
I know you ain't out there tryin' to be my baby
Come on love me come on
God please give 'im some soul
If you can do anything, yeah
