

# Beautiful Smile

## ECID

My love is like a turning wheel  
It is spinning, spinning around  
Waking up to see your beautiful smile  
I know every second counts  
My love is like a turning wheel  
It is spinning, spinning around  
Sunny days and I call your name  
I'd do anything just for your love  
My love is like a turning wheel  
It is spinning, spinning around  
Waking up to see your beautiful smile  
I know every second counts  
My love is like a turning wheel  
It is spinning, spinning around  
Sunny days and I call your name  
I'd do anything just for your love  
Just for your love  
Just for your love  
And if I stumble  
And if I fall  
Will you help me?  
Help me back on the ground  
When I'm confused  
And afraid of the dark  
Will you hold me tight  
And show me all of your love?  
If I fall  
My love is like a turning wheel  
It is spinning, spinning around  
Waking up to see your beautiful smile  
I know every second counts  
My love is like a turning wheel  
It is spinning, spinning around  
Sunny days and I call your name  
I'd do anything just for your love
