## Yellow Magic Orchestra

An example of life in old Korea  
The girl wouldn't let me take her picture  
Dong daemon  
Kimpo Airport An old man with a stick in white baji chogori  
With a black katsu on his head  
The taxi driver kept asking if I wanted a woman  
Highway wa kassoro Myongdong St. has no neon signs  
Roadside pillboxes with armed police in front  
Kuni no hana wa mukuge  
There is a curfew from midnight till 4 Haikara na Myongdong musume  
From Busan you can see Tsushima  
The speed limit for passenger  
Cars is thirty-seven miles per hour
