House of Pain

Venom

I could hear you screaming
Heard you cry in pain
But I thought you were dreaming
Are you going insane?House of pain
Welcome to the house of pain
You're insaneI could feel you dying
Again and again and again
I believed you were lying
Now I know you're insaneHouse of painI could see you bleeding
Feel you die in vain
As your flesh started seething
In your house of painHouse of pain
Welcome to the house of pain
House of pain
Welcome to the house of pain
House of pain
Welcome to the house of pain
I'm insane
Welcome to the house of pain
