Straight West

Kasket Club

Dreaming â€˜bout Jamaica, to live on the beach
Exploring surroundings, utopia is in our reach
Weâ€™ve been too long were we are
Letâ€™s follow our instincts, weâ€™ll make it, itâ€™s not that far

Bridge (x2)
If anything goes wrong, thereâ€™s no crisis
â€˜cause if anything goes wrong we can turn this ship around

Chorus (x2)
We can all go west tomorrow, no need for plans today
We wonâ€™t hit the speed of light anyway
So letâ€™s care when trouble face us, not a minute before
Today weâ€™ll celebrate and hit the floor

Verse 2
Calling me to surrender and stay in the dark
Settling for fake, with pools and plastic sharks
Weâ€™ve been too long were we are
Letâ€™s follow our instincts, weâ€™ll make it, itâ€™s not that far

Chorus
We can all go west tomorrow, no need for plans today
We wonâ€™t hit the speed of light anyway
So letâ€™s care when trouble face us, not a minute before
Today weâ€™ll celebrate and hit the floor
