Bird's Eye View

Amy Kuney

Verse 1:
Birds are cattle of the sky
They graze on heavens lawn
A mile high
They have their heads in the clouds
Why bother bringing them down?
Why oh why?Chorus:
Oh I've seen everything new
From a birds eye view
From the clouds
Now that I know all that Ive missed
Gonna make it harder to live
On the groundVerse 2:
The world is their nest
And the sun is their call
And like a sleepers chest
It rises and falls
Oh to bebe so easily moved
A worm is a wet dream
From a birds eye viewVerse 3:
Birds are cattle of the sky,
They graze on heavens lawn
A mile high(Chorus)
