

# Praise Festival

**Karen Clark Sheard**

I wanna know what you doin'  
Where you goin', what are your plans  
Here's a proposition  
Won't you listen and take my hand? Let's go to a place where  
We all share the same mind  
There's no politician but religion  
And have the time Everybody ought to praise Him  
Just let your feelings flow  
Tell everyone you know  
There is a praise party goin' on Join in, go and grab a friend  
It's better now than then  
It's a praise festival Let everything that is breathin' partake in the celebration  
Don't miss your blessing, forsaken dedication  
Praise with your hands or even a dance  
There's no competition but religion's a must Everybody ought to praise Him  
Just let your feelings flow  
Tell everyone you know  
There is a praise party goin' on Join in, go and grab a friend  
It's better now than then  
It's a praise festival Everybody ought to praise Him  
Just let your feelings flow  
Tell everyone you know  
There is a praise party goin' on Join in, go and grab a friend  
It's better now than then  
It's a praise festival Y'all, tryna help me feel me  
Tryna hear the talk about you tryna drill me  
All that controversy until go rehearse what gon' say to me  
I got responses from A to Z  
Matter of fact go get your Bible and don't play with me He was in this great job, grand plan to the Man  
Except that you've now exceeded that  
It's about time we found new ways  
New [Incomprehensible], new flames  
You have to make your stance clear Everybody ought to praise Him  
Just let your feelings flow  
Tell everyone you know  
There is a praise party goin' on Join in, go and grab a friend  
It's better now than then  
It's a praise festival Everybody ought to praise Him  
Just let your feelings flow

Tell everyone you know  
There is a praise party goin' onJoin in, go and grab a friend  
It's better now than then  
It's a praise festivalEverybody ought to praise Him  
Just let your feelings flow  
Tell everyone you know  
There is a praise party goin' onJoin in, go and grab a friend
