

Don't Work That Hard

Scritti Politti

I need love for the power
Got to understand
I need love for the power
Got the upper hand
I need love for the power
Use it oh so fast
I need love for the power
Love will never last

And I don't work that hard (not for love)
Drowning in my teardrops (teardrops)
And I don't work that hard (not for love)
Drowning in my teardrops (teardrops)

Oh I'll be good, want you so much
Give me the word, wrap it for love
Oh I'll be true, oh I love you so much
Give me the word, the word I'll honor and obey

I submit for approval
Got to understand
I submit for approval
Got the upper hand
I submit for approval
Use it oh so fast
I submit for approval
Love will never last

And I don't work that hard (not for love)
Drowning in my teardrops (teardrops)
And I don't work that hard (not for love)
Drowning in my teardrops (teardrops)

Oh I'll be good, want you so much
Give me the word, wrap it for love
Oh I'll be true, oh I love you so much
Give me the word, the word I'll honor and obey

I got a piece for the wicked
Got to understand

I got a piece for the wicked
Got the upper hand
I got a piece for the wicked
Use it oh so fast
I got a piece for the wicked
Love will never last

I'm gonna work that hard (oh for love)
Even in my teardrops (teardrops)
I'm gonna work that hard (oh for love)
Even in my teardrops (teardrops)

I need love for the power
Got to understand
I need love for the power
Got the upper hand
I need love for the power
Use it oh so fast
I need love for the power
Love will never last

Got to understand
You got the upper hand
Use it oh so fast
Your love will never last
