Children of God

Phil Wickham

Through walleys of shadow we walk unafraid
There in the battle we're lifting your name
Standing together forever and marching on
Though darkness surrounds there's hope in our eyes
for you are our victory our joy and our prize
Standing together forever and marching on
We are believers
All our hope in the risen one
And we are soldiers
We're fighting with faith and love
And we are pilgrims
on the journey to reach our homes
Standing together
We are the children of God
Nothing can stop us for you're on our side
Even in dying our souls are alive
Standing together forever and marching on
We are believersAll our hope in the risen one
And we are soldiers
We're fighting with faith and love
And we are pilgrims
on the journey to reach our homes
Standing together
We are the children of God
We are the children of God
We are the children of God
We are believers
All our hope in the risen one
And we are soldiers
We're fighting with faith and love
And we are pilgrims
on the journey to reach our homes
We are standing together
We are the children of God
We are the children of God
We are the children of God
We are the children of God
