

# To Be With You

Eric Alexander Quartet, Bobby Broom, Melvin Rhyne

I can't pronounce it, don't even understand  
The words I mean, my tongue's tied up around it  
My brain is so tired but my heart is so warm  
I wanna be with you to talk with you  
To sleep with you, most of all  
To make love to you  
Last night I dreamed about it, the rooms in these hotels  
Are the same around the world, I could really do without it  
I'll only hate myself if I take another girl  
I wanna be with you, I wanna talk with you  
I wanna sleep with you, most of all  
To make love to you  
Oh, if I ever get home again, if you could ever  
Do the same thing too, I could open up my soul again  
I have to get this message to you  
I wanna be with you, I wanna talk with you  
I wanna sleep with you, I wanna make love to you  
Love to you, you've got that feeling inside  
And you know my joy just can't hide
