

My Knight

Dom Hassett

Tell me you won't be long

-

I promise you won't even know I'm gone

-

Is something wrong?

-

Please don't shed your tears for me

-

There must be something else that we can do, to stop my heart from breaking

The whole damn world can drown in The Abyss for all I care

My knight is all I need

My love, must you leave me tonight?

I can't bear the thought of what lurks in the darkness out there

-

I must for the light, you know it's my duty. All Lordran depends on me

-

But can no one else go?

-

My dearest one, no

-

It feels like you don't even care

-

Stop it, that's not fair. I cannot lose sight of what's right

What's right is for you to stay alive

-

My duty is foremost and I will not die. I promise you, love, I will be back by your side. All that I ask is you pray

for me, that's all I'll need

Just tell me you won't be long

-

I promise you won't even know I'm gone

-

Is something wrong?

-

Please don't shed your tears for me

-

There must be something else that we can do, to stop my heart from breaking

The whole damn world can drown in The Abyss for all I care

My knight is all I need

The dark is a frightening sight
Stay close, my companion, don't wander
We'll be through this soon

-

I know he must fight
But this fool quest is madness
The darkness is strong, he could die

-

It's for you, he must go

-

But how could you know

-

He lives and he dies by his sword

-

Yes, I'm aware he is driven by duty but please

-

You just cannot see what he sees

-

The darkness may swallow, destroy, and surround
But to him, I swear, I'll always be bound
If he's to die, I'll mist flowers and tears at his grave

My knight, say you won't be long

-

I promise you won't even know I'm gone

-

Is something wrong?

-

Please don't shed your tears for me

-

There must be something else that we can do, to stop my heart from breaking
The whole damn world can drown in The Abyss for all I care
My knight is all I need

Tell me that you aren't gone
You promised you wouldn't take so long
Is something wrong?

Now I've only tears to shed

Was there something more I could have done, to stop my heart from breaking?
This whole damn word can drown in The Abyss for all I care
My knight, you're all I need
