

Stella By Starlight

Ella Fitzgerald

The song a robin sings
Through years of endless springs
The murmur of a brook at eventide
That ripples by a nook where two lovers hide A great symphonic theme
That's Stella by starlight and not a dream
She's all of this and more
She's everything you would adore The song a robin sings
Through years of endless springs
The murmur of a brook at eventide
That ripples by a nook where two lovers hide A great symphonic theme
That's Stella by starlight and not a dream
She's is all of this and more
She's everything you would adore Have you seen Stella by starlite with moon in her ave
That's Stella by starlight raptures so rare
She's is all of this and more
She's everything you would adore
