

# Like It Was Yesterday

## Brandy

We were once closer then close

No one could tell

Who loved each other the most

It was a beautiful thing

Then everything around us

Started to change

As did we

Who's to blame?

I remember itLike it was yesterday

It's on continuous play

In my mind, in my mind

All of the good times we had

Suddenly turn bad

So badHow did we go

From being in love

To barely speaking

What became of us?

How did we loose our way

We shouldn't of let our so-called friends

Get in our ear

And cloud up minds

We couldn't think clear

I remember it like it wasLike it was yesterday

It's on continuous play

(It's on continuous play)

In my Mind, In my mind

(In my mind, yeah yeah yeah)

( In my mind no whoo-who)

All of the good times we had

(Good times we had yea-yeah)

Suddenly turn bad

(Turn-turn bad)

So bad

(So bad no)Bridge:

If only I could

Go back and right all my wrongs

Then I would

But it wouldn't help being that we both moved on

And I remember itLike it was yesterday

(And I cant even get it out of my mind )  
It's on continuous play  
(Its bugging me every day on and on)  
In my mind, in my mind  
(In my mind whoo-who in my mind)  
All of the good times we had  
(Oooh-oh all of the good times we had ooh)  
Suddenly turn bad  
(Turn bad)  
So Bad  
(Soooo bad)Like it was yesterday  
(Ooh, ooo, ooo)  
It's on continuous play  
(Ohoo, oooo)  
In my mind, In my mind  
(Oooh, ooh, ooo- in my mind)
