

My Word

One Chance

I convinced to let ur gaurd down for me
U put your trust in me i broke it unintentionally
Now baby don't lay it on me cause i'm only human
but if u take me back maybe i can change my ways
i can't guarentee you anything
i ain't perfect
but i can give you my word
this is my word
i'll make my way back into your heart
babe girl
thats my word.....yeah
thats my word....yeah
i can't blame u if u knock my crediblity
i admit that i've done some damage wasn't thinking of you
your quick to say i ain't worth shit
i see you must have forgot
all the times we speak we fell in love
you must have forgot

aint no need to rush it
cause this is worth more than you and i
i apologize a thousand times
cause there aint no gaurenteas
