

Jody Like A Melody

David Allan Coe

Jody like a melody play inside my head
Till the thought of you is more than I can stand
Just to think of having you is music to my soul
You make me feel as though the world is in my hands
Jody like a melody you warm me and then leave me with
a chill
I can't believe the sun will rise without me looking in your eyes
And knowing that your love has made me strong
Why you left I'll never know the fire you built will always glow
I only know I woke to find you gone
Jody like a melody you warm me and then leave me with a chill
Jody, I can't keep my thoughts about me in the daytime
When your memory is enough to make me blind
And late at night I lie awake and wait for you to come
And when you don't you know I almost lose my mind
Jody like a melody you warm me and then leave me with a chill
Jody like a melody
Jody like a melody
Jody like a melody
Jody like a melody
