

Are You Still Alone

Play N Skillz

[Chorus]

Call me a player cause I crush a lot
And I make that money, cause I make it hot
And we use to kick it, shoulda never stop
 Girl u know whats up
 Cause I'm still after ya,
 And I'm still a bachelor
Are you still alone alone alone alone alone

So how you doin' how you been and how you livin'
 You know baby girl your boys place still pimpin'
 Plus I heard you got a man with a game plan
 With a wedding plan
But you know I'm not the man, I had a different plan
 For me and you to follow, a runway model
 With a self made baller
But you was caught up with your lil' man a simple life
 You didn't want no fast life, poppin' bottles err night
 So I get the movin' just like a g should
 Three years later and your boy still livin' good
 I cant fuck baby girl, yea I'm missing times
Creepin' on the low, you could swear we was doin' crimes
 It was all good, we use to freak
 And fuck late night in the back seat
Same number you can call me when you get that urge
 Still got 25 cars, money to splurge
 (Holler at me)

[Chorus]

It's been a minute since we last had a talk
 Still hypnotized by the hips and the walk
I'm tryin to figure out who you with, hopefully alone
If thats the case you still got the number to my phone
 It might seem like I'm tryin' to holla for some ass
 But with the green that I got, I can get that fast
 It was something that we had, and I still want it
So if you tryin' to give it to me, let me know I'm on it
 I'm still after ya, I'm still a bachelor

If you got a man, understand that I'm not mad at ya
I might have fell off track, but I'm tryin' to bring it back
To the way it was, and if your feeling love

[Chorus]

I'm still here, right here, if u wanna ride
We can take it back how we did it up in '95

With no strings attached,
I'll put u on your back

Do those freaky things, make u always wanna come back
Writin' checks without a man, you cant say that your mine

Cause I'm still a free agent
Not tryin' to resign
I'm not a ball player
But I'm a baller, player
And if your still alone
I'll be callin' later

[Chorus]

I'm not a player, I just crush a lot [Repeat: x2]

Girl you know whats up

You know whats up

I'm not a player, I just crush a lot
Not a player, I just crush a lot

Are you still alone, are you still alone girl?
