

Put A Bird Up

Cam'ron

[Verse 1: Cam'ron]In Hawaii at the Luau mang

Honolulu, boo boo, we do our thang

Do your thang, uh huh, true I slang

African diamonds, Luol Deng

You never seen profit? My whole team got it

Blue jeans, red trim, green pockets

Black broad, black card, black wallet

Grey Boots, sweat suit, I'm that brolic

Caesar top, getting diva top

Been around the world but I can't leave the block

Click nine, slick rhymes, the chick fine

Don't like me, but stand in WIC line

Look good so I hit her with a quick line

"Take my watch, hit me up when you get time"

Some sniff dimes, some pitch dimes

Get yours cause I'm a get mine

[Hook: Vado]Ayyo I be a fly homie, 550 drive homie

See you waiting at the bus stop; need a ride, homie?

Now I walk around with that 3 to 5 homie

Once I cut the middleman went from 3 to 5, homie!

Roll that herb up, got it? put a bird up

Pretty with a firm butt, I Blackberry Curved her

[Verse 2: Vado]I ain't no superhero but I'm coming to save y'all

Pray that it's safe y'all

Fly with no cape on

Driving with Drake on

Keep a sportscar like Akon

All-black: blowing chicks' minds like napalm

All that. Wait til my man home (GUDDA!)

Saying my name wrong

Vado, I came strong

Hate that I ain't on

As they wait on (YES!)

Like Trey Songz, "Success" my fav song

Ball like Rajon, The course is way long

Boss don't make wrongs

We talk and shake, uh

Porsche got State Farm

Straight thong, you don't want it
Keep eating, like it's a tapeworm in my stomach
More ass than Slay mags
Poppin' Hermes tags
Coppin' Ros
