Love's Funny

Ciara

Mmmm it's funny that iImiss your face
It's funny time hasn't took your place
It's funny cause I can't say why
Love's funny dont know why we went goodbyeOh, I had it all love was staring me in my face but I knew it all
Couldn't tell me nothing yeah
And after all the endless fights
You were the only one that I ever loved insideSo it's funny that I'm a fool
It's so funny all I think of is you
It's so funny, the joke's on me
So funny love's comedyI had it all
Love was staring me in my face but I knew it all Couldn't tell me one damn thing
After all our endless fights
I should've never ever said goodbye...Huh huh huh huh huh huh...huh huh huh huh huh...huh huh huh huh huhHey, if you never ever learned one thing from me you'll learn to deal with love patiently
Before you go and break up, make sure you try to make up
'Cause you could be walkin' away from somehin' that you'll never see
And that's true loveThat's true love, true love
That's true love, true love
