Lonely Nights

Gary Moore

I don't know what's wrong with you.
Baby, baby, what you tryin' to do.
Well, I gave you my love,
But that wasn't good enough for you.I thought we had a love so strong.
And baby, baby, how you proved me wrong.
Well, I'm so confused,
I don't know what I'm supposed to do.And it's just another lonely night (lonely night),
I'm all by myself.
It's just another lonely night (lonely night),
You're with someone else when you should be with me.Life was so easy when our love was new.
But times change, and I'm so blue.
Well, you gave me your love,
Then you turned around and said we're through.I crawled for miles on my hands and knees
Just to hear you whisper "Baby, please."
I need you so bad,
I'd do anything to be with you.But it's just another lonely night (lonely night),
I'm all by myself.
It's just another lonely night (lonely night),
You're with someone else.Oh, just another lonely night.
Oh, just another lonely night.
Oh, just another lonely night.
Oh, just another lonely night.And it's just another lonely night,
I'm all by myself.
It's just another lonely night,
You're with someone else.It's just another lonely night (lonely night),
I'm all by myself.
It's just another lonely night (lonely night),
You're with someone else.Just another lonely night (lonely night),
All by myself.
Just another lonely night (lonely night),
You're with someone else.
