

Dub On The Track

[Cher Lloyd](#)

I'm the kinda girl to put dub on the track
I'm a machine, couple screws loose but I'm running smoothly
Know what I mean, got an upgrade, now I'm more unruly
I'm hard to swallow but a spoonful of sugar
might make it go down more easily
Pick up the beat, put your money on me
I'm not the queen, but I'm gonna be a princess on it
Like premium gasoline, my words gonna catch on fire,
spread through your body like heat
I'm the kinda girl to put dub on the track
I'm the kinda girl to put dub on the track
I'm the kinda girl to put dub on the track
I'm the kinda girl to put dub on the track
I'm the kinda girl to put dub on the track

Mic Righteous:
I'm the type of man who puts the truth on the track
the future of rap, Righteous!
You ain't gonna ask who's that
D-d-d-do you know that already
Are you mad?
Gotta track, got X Factor prepared for the next chapter
I'm back with a bag full of gifts like Santa
But we don't care if you're naughty or nice
Yo Cher I bet you talk to them liars
Laugh in the hater's face, save your praises!
We ain't got time for that, ain't got patience
--
You can't switch your station,
Can't say artists just hit the A-list,
Can't touch this 'cause I'm in a spaceship
I'm into raving, one thing I'll say is;

Yeah, I'm about to put dub on the track
I'm the kinda girl to put dub on the track
I'm the kinda girl to put dub on the track
I'm the kinda girl to put dub on the track
I'm the kinda girl to put dub on the track

Work hard! party harder!

Work hard! party harder!

Work hard! party harder!

Work hard! party harder!

Dot Rotten:

I'm a psycho, no Simon,

I'm fly with no co-pilot

Oh so grime-ish, gimme the beat I'm so violent

The way I got the rhythm and beat there's no finding anything like this,
common yo shining

I know their watching me like they got no eyelids

Kid in 'em like whatever it is,

Are you ever gonna quit then you never live with this, I'm cold

Got mc's that have Ben in the game

for 10 years depressed and stressed thinkin I'm old

Im a deep guy and highly streetwise

I always speak life just how it is I roll

Nothing but slugs on the track

politics and cars ain't drugs on the track

It's not you know how I does on the track it's,

It's certified with the dub on the track

I'm the kinda girl to put dub on the track

I'm the kinda girl to put dub on the track

I'm the kinda girl to put dub on the track

I'm the kinda girl to put dub on the track

Supersonic (OK)

Hypnotic (OK)

Astronomic (OK)

Get me on it (OK)

Electronic (OK)

Work hard! party harder!

Work hard! party harder!

Ghetts:

I swear, who ever came up with this idea, genius!

It's quite clear, I mean this
Besides Cher, I might give her the wood like IKEA
Imma relax like the wife's here, no
Imma relax like my wife's here
Let me get back to the music
These mc's ain't need criteria
That's why I'm here lighting it up like times square
Lighting it up like mind flares
Everyone gon' talk about wavy
Where they when the tides near?
Yahh I lost the buzz but it's back
'Cos I'll be the type to put dub on the track
I'm the kinda girl to put dub on the track
I'm the kinda girl to put dub on the track
I'm the kinda girl to put dub on the track
I'm the kinda girl to put dub on the track
