

I Got To Get It

Backstreet Boys

Get it
I got to get it, I really need you love
Get it, Get it Get it, Get it
Get it, Get it
Get it, Get it
Get it
Get it, Get it
Get it, Get it
Get it, Get it
Get it, Get it
Get it, Get it
Get it, Get it
Get it, Get it
Get it, Get it
I got to get it, I really need you love
I got to get it, from you baby
I got to get it
I got to get it, I really need you love
I got to get it, tell me baby There alone with that look in your eyes (awwh baby)
Can't help myself, cause you've got me so mesmerized
I wanna know you name but there's something
That is keeping me away from you
I wanna take you away and there's nothing
I wouldn't give to be with you I got to get it
I got to get it, I really need you love
I got to get it, from you baby
I got to get it
I got to get it, I really need you love
I got to get it, tell me baby How can it be
Your eyes take control over me (awwh baby)
The way you move (move, move)
Your body is talking to me (awwh babe)
I wanna know you name but there's something
That is keeping me away from you
I wanna take you away and there's nothing
I wouldn't give to be with you (ooh) I got to get it
I got to get it, I really need you love
I got to get it, from you baby
I got to get it
I got to get it, I really need you love
I got to get it, tell me baby
I got to get it
I got to get it, I really need you love
I got to get it, from you baby

I got to get it
I got to get it, I really need you love
I got to get it, tell me babyYo, check it out
Ba-ba-ba-ba-ba-ba-baby
Ba-ba-ba-ba-ba
Ba-ba-ba-ba-ba-ba-babyI wanna know you name but there's something
That is keeping me away from you, ohhh
I wanna take you away and there's nothing
I wouldn't give to be with you, oh tonightI got to get it
I got to get it, I really need you love
I got to get it, from you baby
I got to get it
I got to get it, I really need you love
I got to get it, tell me baby

I got to get it, I really need you love
I got to get it, from you baby
I got to get it
I got to get it, I really need you love
I got to get it, tell me baby
I got to get it
I got to get it, I really need you love
I got to get it, from you baby
