Crazy Thang (interlude)

Diddy

Stop
Just
Come on now
Just
Sometimes I just
Get out ya
I just feel so confused
No don't do that
I just wanna know how you feel
Don't do it
I love you
Mother fucker do you know what you've done
I've always needed you
But I really love her
You see, love is a crazy thing
At first it feels so good
[Laughter]
And you would think
it last forever
But then it also hurts so bad
You know somethin',
I hate ya fuckin' guts
Leave me the fuck alone
Then what you do
Do you give up?
Or do you believe?
I'll always love you
