

# This Year's Kisses

[Nina Simone](#)

This years crop of kisses  
Don't seem as sweet to me  
This years crop just misses  
What kisses used to be  
This years new romance  
Doesn't seem to have a chance  
Even helped by Mr. Moon above ohh  
This years crop of kisses is not for me  
'Cause I'm still wearin' last years love  
This years crop of kisses

Don't seem as sweet to me  
This year's crop just misses  
What kisses used to be  
This years new romance  
Doesn't seem to have a chance  
Even helped by Mr. Moon above  
This years crop of kisses is not for me  
Is not for me 'cause I'm still wearin' last years  
I'm still wearin' last years  
I'm still wearin' last years love
