

# Show Love

## Family Force 5

My feelings are a work of art  
A picture frame around my heart  
Sometimes it falls right off the wall  
But I'm not damaged goods  
I'm priceless, understood  
I'm one of a kind You won't give up on me  
I know You won't give up on me  
It's plain to see that  
We are one big family  
And when I'm on my own  
I'm out my comfort zone  
My comfort zone I feel like it's my destiny  
To show the world Your love  
You always see the best in me  
So I'll give You all my love Push and pull and compromise  
I try to improvise  
You know I've been through this before  
Yeah, we go back a ways  
Let's turn a brand new page  
Oh, it's time for me to change You won't give up on me  
I know You won't give up on me  
It's plain to see that  
We are one big family  
And when I'm on my own  
I'm out my comfort zone  
My comfort zone I feel like it's my destiny  
To show the world Your love  
You always see the best in me  
So I'll give You all my love I feel like it's my destiny  
To show the world Your love I feel like it's my destiny  
To show the world Your love  
You always see the best in me  
So I'll give You all my love
