

# Born On a Horse (Live At Wembley)

**Biffy Clyro**

I pronounce it aluminium  
'cause there's an I next to the U and M  
Now write it down slowly  
And read it out fast Shes got eyes  
Propostrious eyes  
I've never had a lover who's my sister or my brother before I've been counting on the wrong things  
To make life feel alright  
You can be  
My icy queen  
'till the end of time  
You can have it all  
You're stuck in the middle  
Reason one and all  
I was born on a horse that's all I like to think I'm just a thoroughbred  
Open name with no horses flesh  
We're galloping slowly  
Through this broken glass  
Shes got hoofs  
Proposterious hoofs  
I've never had a lover who's my sister or my brother before I've been counting on the wrong things  
To make life feel alright  
You can be my icy queen till the end of time  
You can have it all  
You're stuck in the middle  
Reason one and all  
I was born on a horse that's all You can have it all  
You're stuck in the middle  
Reason one and all  
I was born on a horse that's all
