Darkest Hours (Remastered 2016)

Stratovarius

These frantic memories
They bring me down, tormenting peace
The darkness drowns me
I'm restless without sleep
When day breaks, I'm still awake
I recall my mistakesI'll be never alone
Never again, never alone
I'll be never alone
Never again, never aloneWhen all my hope is gone
I'm waiting for the dawn
I raise my head and find
My own way out of the darkI've left my past behind
I'm reaching for the light
I'm not afraid to live my life
I'll take what is mineI'll make my way
Through the darkest hours of my daysThose frozen memories
Laid out for me, all I can see
The night surrounds me
Destroying harmony
What lies beneath, demising me?
I've lost my purityI'll be never alone
Never again, never alone
I'll be never alone
Never again, never aloneWhen all my hope is gone
I'm waiting for the dawn
I raise my head and find
My own way out of the darkI've left my past behind
I'm reaching for the light
I'm not afraid to live my life
I'll take what is mineI'll make my way
Through the darkest hours of my daysWhen all my hope is gone
I'm waiting for the dawn
I raise my head and find
My own way out of the darkI've left my past behind
I'm reaching for the light
I'm not afraid to live my life
I'll take what is mineWhen all my hope is gone
I'm waiting for the dawn
I raise my head and find

My own way out of the darkI leave my past behind
I'm reaching for the light
I'm not afraid to live my life
I'll take what is mineI'll make my way
Through the darkest hours of my days
