

# Legions Descend

## Hypocrisy

Legions of world domination  
These ... with a ... of hate  
Armageddon  
Suicide me and pray for death  
go ...  
The earth, they ... away  
The angels cry as they meet me  
... is falling in  
This curse is fucking  
... earth will stand in flames  
Legions of world domination  
... of its burning wrath  
murder ...  
their god is ... you  
through death we see their sign  
hunting me  
dark again  
...  
burning god  
he says what  
...  
...  
evil dwells  
death, death, death is coming to them  
...  
... earth will stand in flames  
the angels cry as they meet me  
... is falling in  
legions of world domination
