Glorious Day

David Jordan

Stop cause' we're speeding too fast
No we can't be found on this merry-go (Round, round)
Round the table we sat and counselled about the problems we had.
Never wanna let all my imaginations run away with me
You know i can't help the way i feel
You know whatever you want you can have it, if i got it
I'ts all yours girl.

Chorus
(Time will tell)
Don't ever go from by my side
We can fight the world whatever it throws at us.
(Hold on to what you know well)
Wake up lying in my bed, roses round my head
Holding you one glorious day.

Trapped cause' I can't speak my mind, Lying to myself
I'm travelling blind (Blind, blind)
Caught up in the middle of a self absorbed puzzle
And there is no way that i'm breaking out.
So I let all my imaginations run away with me.
Holding on to what could never be
Reality don't get a hold of me.
Don't take my comfort girl
Don't take my fantasy

Chorus

I could never say goodbye cause' I'm for you, and you for I
After all this time, the truth is hard to find
(Truth keeps running and hiding)
And It never shows it's face
(How long can we keep up the fighting?)
And then brush aside the truth beneath the lines.

Chorus
