

# Red Fire Night

## Green River Ordinance

Meet me under that Red Fire Night  
Down by the willows and the Tennesse pines  
I'll bring the whiskey  
You bring the wine  
We'll make a few memories on a Red Fire Night  
Throw your bags in my old Bronco  
Three day weekend and its time to go  
Radio singing "Let the good times roll"  
Man, don't feel alright  
Twenty dollars on a check stop run  
Riding fast tryin' beat the sun  
To Hell with worries  
No, we ain't got none  
Man, don't feel alright  
Meet me under that Red Fire Night  
Down by the willows and the Tennesse pines  
I'll bring the whiskey  
You bring the wine  
We'll make a few memories on a Red Fire Night  
There's a magic when that west wind blows  
It's even better with a little George Jones  
Lost track of time, well, sometime ago  
Man, don't feel alright  
Out here where the stars shine bright  
Meet me under that Red Fire Night  
Down by the willows and the Tennesse pines  
I'll bring the whiskey  
You bring the wine  
We'll make a few memories on a Red Fire Night  
We'll hang our hat here tonight  
Raise a glass and we'll toast to  
good times  
Meet me under that Red Fire Night  
Down by the willows and the Tennesse pines  
I'll bring the whiskey  
You bring the wine  
We'll make a few memories on a Red Fire Night  
Meet me under the Red Fire Night  
Our hearts like stars they burn so bright  
I'll bring the rhythm  
You bring the rhyme  
We'll make a few memories on a Red Fire Night
