

YanChan VS YanKun

Michaela Laws

YanChan: Trying to steal MY Senpai, who do you think you're dealing with? If you try to take him, just know: i have a knife at home with your name on it. I'm the hero of this story, you're the fanboy wannabe. but if you really want a fight, then please TRY and beat me. There are many things that i can do that you would never dare. I doubt you have the courage to take and claim Senpai's underwear. Or tie a rival to chair and make her wish she was never born. So drop the act and leave, i sure your missing some freaky cable porn

YanKun: It's funny how the world is so enamored with your position. That only a girl can fill your part for a story's true fruition. But you see, let me tell you about rule 63: "All characters have an opposite-sex counterpart." LIKE ME. I'm the guy you don't wanna mess with, so you better run and hide. I'll laugh my ass off as i slice your throat open and watch you die. It's not like Senpai will miss you since he'll just end up loving me. So i'll give you one more verse to back away and beg me for mercy

YanChan: You think that you're scary? Let me show you something FRIGHTENING. You can't exist in a world filled with Social Justice Lightning. "A MAN CAN'T BE A YANDERE! HE'S A STALKER TAKE HIM OUT!". My sex gives me a pass, you're what they cry wolf about

YanKun: *laughs* You think politics will stop me? Just take a look around! People CRAVE my existence. How does being wrong sound? It doesn't matter what we are. So your little verse just went to waste. So leave Senpai to me, you sad, pathetic, waste of space

YanChan: *laughs* You're funny, for a deadman

YanKun: And now you're wasting my time. I have to make sure Senpai's safe--

YanChan: I told you, Asshole: HE'S MINE. You won't take him from me. I'll kill before you even get the chance

YanKun: You really think so?

YanChan: I know so

YanKun: Alright..~ LETS DANCE
