2 U

Dylan Matthew

Every time I lay my head down
Thoughts of you cross my mind
I guess thatâ€™s just the motion
Damn you do this all the time

But I keep tryna press rewind
I see how heâ€™s treating you
What donâ€™t you see in me
The feelings is mutual
We both know itâ€™s meant to be
But u say

Oh slow down I canâ€™t stop thinkinâ€™ about you
I said that I need you
You said that you need proof
I know that you feel the same
It donâ€™t have to be this way
Close my eyes I Picture life without you and itâ€™s not the same
Over and over again I end up back outside your door
I swear that Iâ€™m done but inside I know that I need more

I canâ€™t fuck with you this time darling
Please donâ€™t act like I needed you
When he leaves I know youâ€™ll be calling
Donâ€™t play me I can see right through

So, I canâ€™t fuck with you this time darling
I keep sayin Iâ€™m done with you
Tried so hard just to leave
But I keep coming back comin back to you

I canâ€™t keep running straight into your wall again
I donâ€™t want parto f your heart I want all of it
And when I see you with him
Oh itâ€™s harder then
Not seeing you at all I should be smarter then that
You canâ€™t ignore all these facts
I donâ€™t always text you back
But when Iâ€™m aroung and heâ€™s not girl you put on and act

Youâ€™re my drug and Iâ€™m gonna relapse

How come every time I get back up I always fall for you
Tell me why these memories always bring back all
These feelings I canâ€™t lose
And I canâ€™t prove that itâ€™s true
Canâ€™t believe thatâ€™s itâ€™s you
I keep running away
But find myself back next to you

I canâ€™t fuck with you this time darling
Please donâ€™t act like I needed you
When he leaves I know youâ€™ll be calling
Donâ€™t play me I can see right through
So, I canâ€™t fucki with you this time darling
I keep sayin Iâ€™m done with you
Tried so hard just to leave
But I keep coming back comin back to you
Yeah, I keep coming back coming back to you
